

REMARKS

Claims 1, 7-11, and 15 - 23 are in the application.

The claims have been amended to more particularly point out and distinctly claim applicant's invention.

In particular, the subject matter of independent claims 1 and 11 has been combined into new independent claim 15, and the subject matter of dependent claims 2 - 6 and 12 - 14 is re-presented in new claims 16 - 23 which all ultimately depend from the new independent claim. No new matter is presented. The amendments to the claims are supported in the specification in particular at page 8, lines 5 - 7, and in the drawings by Figures 1 and 3, and throughout the specification as filed.

Prompt consideration and favorable action on this matter are respectfully requested.

Respectfully submitted,
